

Preventive maintenance

Respironics BiPAP Vision Ventilator service agreements

Preventive Maintenance Service Agreements support customers who desire to repair their own Respironics BiPAP Vision Ventilators but don't have time to do the preventive maintenance service. You can be confident that your ventilators will be maintained on schedule by product experts.

Annual Preventive Maintenance service

- Installation of annual preventive maintenance parts
- Complete system final test
- Blower valve calibration
- Electrical safety test
- Interior and exterior cleaning
- Latest base software revision upon request
- Visual inspection
- Up to \$100 (list price) in minor cosmetic repairs

Items not covered by a Preventive Maintenance Service Agreement or Per-Call Preventive Maintenance Service include travel and accessories external to the ventilator such as, but not limited to carts, main flow bacteria filters, oxygen sensors, oxygen hoses, patient circuit components, humidifiers, humidifier accessories, back-up batteries and external
